# BORDER VISTA SAUVIGNON BLANC

*“This Sauvignon Blanc comes from a tiny west-facing slope in our Border Vista Vineyard, which shares a fence with Washington State. The hot afternoon sun and dry soils of pure sand produce small bunches with intense concentration and depth. Over the years, I’ve evolved my winemaking style to use French oak and Acacia to make a bigger, richer Sauvignon Blanc that truly reflects the vineyard.”*

– TAYLOR WHELAN, WINEMAKER

### THE VINTAGE

Average Okanagan spring temperatures began the 2020 growing season with periods unusually cold and wet weather. Colder periods progressed into the early spring contributing to a marginal fruit set, but as the season progressed into the summer months we regained our highly celebrated Okanagan conditions. The dry, warm and hot summer produced good growth permitting all varieties to ripen with excellent balance and incredible flavor intensity.

### TASTING NOTES

*Passion fruit, lemon-grass, pineapple, with a fresh and mouthwatering juiciness on palate.*
